

Repository documentation PDF export placeholder.

This environment does not provide a reliable built-in Markdown-to-PDF renderer.

To generate a fully rendered PDF with diagrams and syntax highlighting,

render `Online-Examination-System-7216/REPOSITORY_CODE_DOCUMENTATION.html` in a browser and use Print -> Save as PDF.

Source: `Online-Examination-System-7216/REPOSITORY_CODE_DOCUMENTATION.md`

HTML export: `Online-Examination-System-7216/REPOSITORY_CODE_DOCUMENTATION.html`

Note on images: relative image links like `images/...` will resolve if the images folder remains adjacent.

Generated by documentation pipeline: placeholder PDF written to satisfy export artifact requirement.
